Vovk on fire in Novo Mesto by agents of the communist regime after WWII, but his burning dedication to the Church and people of Slovenia. Join them for this film presentation. There will be coffee and donuts served and an opportunity to speak to the director.

**THE TRANSFIGURATION** - when the special friends of Jesus saw the hidden glory of his divine self, is a feast of encouragement to us. Like the apostles, we find our lives very ordinary. But also like them we have been given the vision of faith to see the glory and power and love of God present to us all the time.

Is it possible for you to picture yourself beholding the face of Christ transfigured atop the mountain?

As you look at his face in adoration and worship, God's grace transforms you. To all who dare draw near to Christ with open hearts and minds, his brilliance, his purity, his love is imparted. He changes their lives.

But like those three disciples we too must leave the mount of Transfiguration and come back to the valleys of our lives. Pray today that we will retain the majesty, the illumination, the transformation of that mountaintop experience, and share it with all we meet.
